

## **Agreement to use my personal data**

With the booking of a journey, a course or a tandem paragliding flight at the homepage of Flugschule Aufwind [www.aufwind.at](http://www.aufwind.at) or in case of an enquiry by phone, e-mail or written, I agree, that my personal data as: name, address, date of birth, weight, phone number, email address, number of flight licence, information about my glider equipment and rescues and other remarks and wishes that I will give to Flugschule Aufwind to organize a journey, to operate a course, a journey, a safety training and to handle a job sheet or an application form to get a paragliding licence as well as for sending me information and advertising of Flugschule Aufwind could be stored and processed.

To obtain an Austrian or German Paragliding Licence Flugschule Aufwind is allowed to transmit all necessary data to the Austrian aero club (FAA) or the German hanging glider association (DHV). The same is valid for data to get a insurance from Europäische Reiseversicherung, AXA or another company in the future for travel or aero liability.

Will Flugschule Aufwind book a room for me while, before or after a journey or a course, Flugschule Aufwind is allowed to transmit all for that booking necessary data to the hotel or guesthouse.

In case of commissions to the repair and assembling shop of Flugschule Aufwind under the firm [flugsportservice.at](http://flugsportservice.at), Willersdorfer Straße 67, 8061 Sankt Radegund, Flugschule Aufwind is also allowed to transmit my name and address to them.

Photos and videos: If not from the participant outright forbidden, photos and videos from courses, journeys or other events could be published on our homepage [www.aufwind.at](http://www.aufwind.at) as well as on social media sites.

**The guidelines of DSGVO and the Austrian Data Privacy Act of 2018 are valid.**

This agreement can be canceled anytime by letter to Flugschule Aufwind, Ramsau 269, 8972 Ramsau am Dachstein or email to [office@aufwind.at](mailto:office@aufwind.at).

The withdrawal will have no effects to the validity of operations before.
